

Science and Nature

This week's science and nature round is all about the symbols for the chemical elements.

We will give you the name of the element, you need to tell us its abbreviation.

For example: Calcium = Ca

1. Bromine

2. Sodium

3. Potassium

4. Magnesium

5. Silicon

6. Xenon

7. Zinc

8. Lead

9. Neodymium

10. Iodine
